## PHARMACEUTICAL PACKAGING FOR THE FUTURE

Do you struggle with flexibility in your Supply Chain? Are you looking for a supplier that has prompt turnaround together with Quality?

Look no further. Quality Packaging Specialists International (QPSI) --- the leader in contract packaging and supply chain solutions --- offers reliable end-to-end design, manufacturing, packaging, metrics reporting and on-time distribution in a single source solution (D2D).

As a full service turn-key provider with 37 years of contract packaging experience, QPSI has proven to be a dependable, compliant and valued partner in the Pharmaceutical and Nutraceutical industries, servicing RX, OTC and generic brands alike. Click here to learn more about our Primary Packaging Services.

QPSI's state of the art facilities are temperature controlled, FDA registered, DEA List 1 Chemical Registered, and equipped with highly secured primary packaging rooms. Additionally, cutting edge equipment utilizing in-line Vision, Check Weighing, and Barcode Verification systems are integrated in to every packaging line.

We specialize in:

- Blister Packaging
- Bottle Filling
- Pouching
- Strip Packaging
- PAI Readiness
- Unit Dose
- Physician Samples
- Compliance Packaging
- Clinical Trial Kits
- Stability Packaging
- Medical Reprint Management
- Fulfillment
- Secondary / Retail Packaging
- Promotional and Sampling Programs

From design to distribution (D2D), our competitive cost structure, supply chain discipline, innovation, flexibility, robust quality systems, and customer dedication deliver total satisfaction while increasing your bottom line. Contact us to see what Q can do for you!
